LOCAL BANK CONVERTED TO A NEW STATE OF THE ART DENTAL ASSISTING SCHOOL IN DELAND FLORIDA

Hester School of Dental Assisting Is Now Open & Enrolling Fall Students!
New school to provide extensive hands-on laboratory experience in a new state of the art facility.

August 1, 2012

DELAND, Fla., August 1, 2012 – Hester School of Dental Assisting is now offering personalized tours of its new facility for students wanting to enroll in fall classes. Open house for the public will be held on Saturday, August 25th from 3-7pm at 1045 Williamsburg Road, Deland FL 32720. The Deland Chamber of Commerce will also be there to sponsor a ribbon cutting ceremony at this new facility.

Hester School of Dental Assisting will offer students a quality post-secondary education in Expanded Functions Dental Assisting and Dental Radiography in an atmosphere of personalized attention. HSDA will provide students with a “hands-on” learning environment and prepare them to become Dental Assistants in a dental office or clinical setting.

“HSDA has developed a strong appreciation for our students’ goals, hopes and dreams in life,” said Elicia Hester, President of HSDA. It is my hope that each student will embrace the learning process, open themselves up to the information of their courses, and particularly dedicate themselves to the profession of Dental Assisting.”

“Elicia & Bobby Hester have strengthened our local business community and will certainly make a positive difference in the lives of many looking for a rewarding career in the growing dental healthcare field,” said Heather Meinhardt, Admissions Director at HSDA.

The school also includes a Dental Museum to honor past professionals and showcase the beginnings of Dentistry. HSDA offers a full library, 4 fully operational dental operatories, a laboratory, sterilization center & Radiography with Digital Imagery.
